Education

Athens Vocational Technical School, Athens, GA

Experience

- 2001-present Research Coordinator, Dr. Puett's lab, Department of Biochemistry & Molecular Biology, University of Georgia.
- 1993-2001 Research Technician, Dr. Puett's lab, Department of Biochemistry & Molecular Biology, University of Georgia.
- 1984-1993 Research Technician, Dr. Cormier's lab, Department of Biochemistry & Molecular Biology, University of Georgia.

Publications

N.L. Stults, N.F. Stocks, H. Rivera, J. Gray, R.O. McCann, D. O'Kane, R.D. Cummings, M.J. Cormier, and D.F. Smith (1992) Use of recombinant biotinylated aequorin in microtiter and membrane-based assays. Purification of recombinant apoaequorin from *Escherichia coli*. *Biochemistry* 31, 1433-1442.

Prema Narayan, Judy Gray, and David Puett (1996) Expression of functional lutropin/choriogonadotropin receptor in the baculovirus system. *Mol. Cell. Endocrinol.* 117, 95-100.

Prema Narayan, Judy Gray, and David Puett (2000) A biologically active single chain human chorionic gonadotropin analog with altered receptor binding properties. *Endocrinology* 141, 67-71.

P. Narayan, J. Gray, and D. Puett (2002) Yoked complexes of human choriogonadotropin and the lutropin receptor: Evidence that monomeric individual subunits are inactive. *Mol. Endocrinology* 16, 2733-2745.

Abstracts

P. Narayan, J. Gray, and D. Puett (1995) Expression of functional human chorionic gonadotropin and its receptor in a baculovirus system, Abstracts of the 77th Endocrine Society Meeting, abstract no. P1-116, p. 141, Washington, D.C.

P. Narayan, J. Gray, and D. Puett (1999) A single chain hCG analog with altered receptor binding properties. Abstracts of the 81st Endocrine Society Meeting, abstr. no. P3-237, p. 489.

P. Narayan, J. Gray, and D. Puett (2001) The β -subunit of human chorionic gonadotropin can activate the luteinizing hormone receptor. Biol. Reprod. 64 (Suppl. 1), abstr. no. 446, p. 281.
