

Biofuels Mini Symposium Schedule

Friday:

9:00AM	Big Picture Opening Talk (Mike Adams)
9:10AM	Bob Kelly: Extremely Thermophilic Microorganisms for Bio-based Fuels and Chemicals: Opportunities and Strategies
9:50AM	Blake Simmons: Driving the Future: Advanced Biofuels R&D at the DOE Joint BioEnergy Institute
10:30AM	Coffee Break
10:50AM	Gregg Beckham: Co-products from Biomass via Integrated Biology and Catalysis
11:30AM	Pamela Peralta-Yahya: Chemical Sensors to Accelerate the Engineering of Biofuel-producing Microbes
1:45PM	Poster Session
2:45PM	Breakout Session
4:00PM	Panel Discussion (Title: Future of Biofuels and Biomaterials)
4:30PM	<u>Speakers can meet with faculty</u>

Location:

- UGA Complex Carbohydrate Research Center (CCRC)
